Project Summary

Overview

1. Summary: Please provide a concise summary with a maximum of 300 words outlining the project and explaining why IHRA should co-fund this project.

- Ensure that you include who, where, when, what, how, and especially why.
- Please describe how the project fits within the IHRA Grant Strategy 2019-2023.

max. 300 words

2. Project Objective: In one sentence, what does your project want to achieve?

An objective should be a realistic target that fills an identified need. Ask yourself:

- Does the objective demonstrate who is going to do what, when and why?
- Does the objective I have provided truly summarize the purpose(s) of the project?
- Is the purpose of the project consistent with the overall objective of IHRA's grant strategy?

max. 100 words

3. Project Outcomes: *With a view to the IHRA Program Guidelines what impact or changes does the project intend to achieve in the short or long-term in order to safeguard the record and/or counter distortion?*

Outcomes are the changes that the project can make over time to address the need(s) that have been identified. It might be helpful to ask yourself:

- *Have I identified clear, specific and realistic changes to be achieved?*
- *Have I used words of change to describe the outcomes?*
- *Are the outcomes limited to a manageable number?*
- *How do the outcomes I have specified support my objective?*

max. 150 words

4. Outputs and Activities: *Please describe the projects concrete results, deliverables, services and/ or products and the activities which are planned to achieve these outputs. - Ask yourself what you need to produce or provide in order to achieve the desired results and what concrete steps are needed to effect the desired changes among the target groups. - Please describe why precisely these outputs and activities are appropriate to meet the project's objectives.*

max. 200 words

5. Please specify the type of your project:

- Seminar
- Conference, symposium
- Research
- Website/interactive tools/new media
- Educational Materials/Handbook/Curriculum Development
- Database/Archives
- Exhibition

Target Groups

6. Target groups: *With a view to the eligible target groups under the IHRA Grant Strategy, whom does your project aim to influence and how does it propose to do so?*

- *If you have multiple target groups, please differentiate between primary, secondary and tertiary target groups.*

7. List the countries of origin of the project's target groups and expected beneficiaries:

max. 100 words

8. If your project targets 'educational multipliers' please describe their professional role and in which ways they may serve as 'multipliers':

max. 200 words

9. Does your project target 'teacher trainers'?:

10. Estimated size of target group:

11. Communication target groups: Who should be aware of your project and its key messages? (Note that the target audiences for communication about the project may be broader than the target groups for the project itself.)

max. 150 words

12. Communication - key message(s): Please specify what you think it is important for your (communication) target groups to know about your project.

max. 100 words

**13. Challenges and Strategies: What challenges do you see in successfully communicating about the project with the target groups mentioned above and what strategies could be employed to help overcome these constraints?
- For each challenge, please list at least one strategy.**

max. 100 words

14. Communication Resources: How are you planning to get your message across your target groups using the communication channels available to you, and when? Please indicate what type of communication resources you think you need.

Examples of resources:

- Website
- Social Media
- Press Release
- Newsletter
- Media
- Other (please specify)

max. 100 words

Experience and Evaluation Procedures

15. Describe the experience your organization has had in conducting similar projects:

max. 200 words

16. Monitoring and Evaluation standards are integral to IHRAs Grant Program.

Based on the criteria defined in the Grant Guidelines, please double-check your project proposal with regard to the following points:

- whether the project objective and outcomes are consistent with the IHRAs vision, mission and priority theme (relevance);**
- if your project is likely to achieve its objectives and outcomes (effectiveness);**
- if the project is likely to deliver change as a direct result of a project activity (impact);**
- if the project has identified the appropriate partnerships and is likely to establish effective coordination (partnership & cooperation);**
- if a process has been developed to determine and report back on what did and didnt work in the project and why (lessons learned).**

In this section, please explain what methods and indicators will help you to measure the success of your project a) while it is ongoing (monitoring) and b) after its completion (evaluation). Please list indicators of success at various time intervals, e.g. six months, one year, two years etc.

As a checklist ask yourself:

- What observations will help you know that your project is progressing towards achieving your objectives?**
- Is the indicator measurable?**
- Does the indicator measure change?**
- What methods does the project use to measure the impact, effect and change you envisage, such as reviews, questionnaires, surveys or interviews?**
- How can we collect the data indicating success?**

max. 300 words
